Presbyter's Message

Greeting to you in the precious name of our Lord and Saviour Jesus Christ.

Diamonds are beautiful and valuable gem stones, but their beginning is common carbon – black, dirty and combustible. Through years of intense heat and high pressure they become pure and strong. This makes them a good metaphor for spiritual strength; God uses intense outside forces to rid us of impurities and to perfect His strength in us.

The world in which we are living is full of trial and temptation and we sometimes wonder why God is not listening to our prayers why problem and difficulties are coming in our life. Some of us are able to create an illusion of strength and self sufficiency. But sudden loss

of health, employment or a treasured relationship is a startling reminder of our total dependence on God.

When we experience the fiery furnace of suffering- whether physical or emotional, whether persecution or humiliation from within – God's loving purpose is to make us pure and strong.

God uses testing in our lives
To rid us of impurity
And teaches us that our strength is in Him
And not in self – sufficiency ----- Sper

Suffering is the fire that God uses to purify and strengthen us.
